STEP ANNUAL REPORT OF (2008)

Presidential Summary of 2008

Social Transformation & Educational Prosperity –STEP has entered into Eighths (8th) years of Service to the grassroots level local community for development. There are lots of Exposures, renewals, failures and many learning issues and experiences through community based activities.

STEP is growing more and more every year and there are so many more volunteers participated in local activities which are the real sign of achievements at local level. STEP has developed Educational projects with the help of international organization. It is very successful to have good inter relations and cooperation with local level organizations

The Team of STEP is very committed & enthusiastic to facilitate the marginalized community bringing them up by working hand in hand. Starting from grassroots level by self identifying and self supported activities and programs.

The Main objective of this Report is to keep members, coworkers and volunteers aware about STEP activities, Failures, new projects and future plans and programs.

STEP would like to acknowledge and thanks to all the members, volunteers and collimators who contributed to STEP through different ways, (Providing Financial support, Moral support and Men power) for STEP developmental activities.

Monthly Women meetings with STEP organization

Women are sharing about their Health problems and want family health center in their area

Motives of the International Days Celebration:-

- To provide the platform and provide information about the international days
- To provide fact and figures to the local community during meetings
- To arrange the platform for local and National NGOs and CBOs for participation
- Arrangement of sharing lobbying
- To share with each others qualities and experiences
- To know each other in the better way

Achievements of the 2008

There is big achievement of STEP organization to complete the project (children education for community development). Community females and mothers are much satisfied about their children education at mashal-e-Rah model school this school will be self sustainable with the very little fees of the 100 children.

Coordination of the local community for STEP to work more for the local community development.

Women groups at local level having meeting on STEP platform every month

STEP has main focus on youth which is tomorrow's future.

Arranged for them Sports day after every three months and also many activities in STEP Center to keep them busy and for better future guidance.

Collaboration with Local NGOs and CBOs:-

STEP has joint cluster of Local and National organizations for Combine developmental activities.

STEP is using local sources to guide the farmers (KISANS) in the agriculture field.

STEP has provided them information for better plantation

PEACE AND HARMONY ACTIVITIES:-

STEP organization has put more emphasizes on this Human rights and peace and harmony activities. STEP has arranged many meetings with different religions people for peace talk.

It is very much need over the entire world in this time.

There have been arranged different rallies amount different religions and sects by STEP

Problems encounters in 2008:-

- 1- Could not reach or continue communication some areas due to lack of traveling means.

Could not start income generating work with women and girls lacking of sources and Technical Machines

- 2- Irregularity in coaching center as working children have no limitation of their working hours at work.

Due to lack funds we could not work in the field of Primary Health especially for Mothers (Maternity Home and Family Health Center)

Could not keep in touch and reach with different villages women were not able to continue communication due to lack transport facility and traveling means.

Could not continue relief efforts for the earth quake victims in Balochistan and Northern areas of Pakistan due to lack of funds.

Future Plans:-

Work on primary Health Center (Family Health Center)

To work for the free Health Camps, Family planning, TB and AIDS awareness.

To establish Beauty parlors and Sewing Centers for young girls who are not educated

To work with Local groups and organized them in one Cluster with local NGOs and CBOs for Local community development.

To work for peace and harmony
