

# STEP NEWS LETTER

## STEP Achievements:-

STEP has developed a project with the support of VGIF Organization USA. Children Education for Community Development Children of Mashal-e-Rah Model School getting Computer education along with Formal Education. The purpose of Computer education is to help the children to get good jobs in the offices after completing their grade 10 education. It was observed through different surveys and interviews from many young boys and girls remain unemployed even getting education because they do not know about Computer operating and office work on computer. This was the present need of Computer education with formal education. There is also need now to start Adult education program.
